Equate Baby Creamy Diaper Rash Ointment is a zinc oxide skin protectant that helps soothe, heal, and prevent diaper rash. Every parent hates seeing their little one uncomfortable, and the painful irritation of a diaper rash can be so frustrating for your baby. Fortunately, this lotion can provide fast relief from even the toughest diaper rash. Apply this ointment liberally as often as necessary during diaper changes to protect chafed skin and set out wetness, especially at bedtime when your baby may spend a longer time in a wet diaper. This formula is hypoallergenic and is also free of parabens, phthalate, and quaternium-15. It does not contain talc. Your baby will sleep peacefully through the night after experiencing relief from diaper rash when you use Equate Baby Creamy Diaper Rash Ointment.

Don't let diaper rash get your baby down when Equate Baby Diaper Rash Ointment can help. Just cleanse skin, allow it to dry, and apply the ointment to calm irritation and seal out wetness. It's hypoallergenic and doesn't contain talc, so you can use it on your little one's sensitive skin with confidence. It's also free of chemical additives like parabens, phthalates, and quaternium-15. Our ointment can help more than diaper rash: use it to help prevent chafing, to prevent genital chafes, or to combat foot sweat and odors. It's a great remedy for razor burn, can reduce under-eye puffiness, and protects ricks and cuts before you head into a wet environment. It can also help soothe redness and inflammation around ingrown hairs and pimples. Keep skin calm and happy with Equate Baby Diaper Rash Ointment.
